

December 13, 2012

Hello Parents,

The TDSB teachers have announced a one day strike to take place on Tuesday December 18th.

As outlined in the letter sent from the school, all schools will be CLOSED during a strike or one day walk-out.

Last week a message was sent out to parents outlining a community driven child-care program in the event of a work stoppage. If you can provide child care or need child care please email your Class Rep. Your Class Rep will send an email to those parents who have indicated a need or who are available to help provide child care.

Families of the Island School have always been a strong, cooperative and supportive community - characteristics that will serve us all well through this challenging situation.

Best,
School Council
